

Jamie Patel

jamie.patel@example.com

Summary

Machine learning engineer with 4 years of production experience on LLM products.

Experience

ML Engineer, Tailwind Traders (2021 - present)

- Built prompt templates and evaluation harnesses for large language model features.
- Deployed RAG search services to production on Google Cloud using Docker.
- Developed Flask REST APIs for model serving.
- Added monitoring and alerting for model drift.
- Collaborated with support and data teams on rollout plans.
- Trained PyTorch models and maintained SQL feature tables.

Projects

- Shipped an end-to-end FAQ assistant with vector search.
- Designed a benchmark for retrieval quality.

Skills

Python, PyTorch, SQL, Docker, Git

Certifications

Google Cloud Certified Professional Machine Learning Engineer
